Livestock entries must be approved by the Livestock Superintendent. All entries must be received by the Livestock Superintendent by the second Saturday in August. Entries received after the second Saturday of August will be declined. No telephone entries will be accepted.

All animals must be entered under the owner's name on the Livestock Entry Form. No substitutions will be allowed. Entries are limited as described in the individual species classes and as space allows on a first-come, first serve basis. Exhibitors are limited to one entry form per species. See individual species pages for class registration information.

If any exhibitor must cancel or withdraw, they must contact the Livestock Superintendent as soon as possible.

Sawdust and/or shavings will be provided for bedding. Quality hay may be purchased on the grounds. To ensure enough hay is available, please indicate on your entry form how many bales are needed.

Stalls and pens may not be used for sleeping or storage. If space allows, the Livestock Superintendent may grant space for a tack stall. There are no stalling fees.

All livestock must be on the Fairgrounds by 9:00 AM on Friday; sheep must be in place on Thursday by 4:00 PM. All livestock must remain on the fairgrounds, on display until 5pm on Monday.

Animals competing for group premiums must also be entered for single premiums. At the time of entry, or on request of fair officials, all livestock entered as purebred must show a registration certificate issued by the breed association, in the owner's name.

The age of each animal, unless otherwise specified, shall be determined as of July 1 of the current year.

No grade males are allowed on the premises.

Fair management reserves the right to accept or reject any entry made. Fair management further reserves the right to interpret any rule or statement made in this book.

No interference with any judges, State Veterinarian or State Official while these persons are discharging their duties. Any abusive language by the exhibitor or their attendants shall make these exhibitors liable to be suspended from the privileges of this Fair, livestock show, or exhibition by the livestock Superintendent, Fair Management or Show Committee and forfeiture of all prize money.

Animal Health Requirements

1. No brucellosis or tuberculin test is required for cattle and goats in the State of Maine if they originate directly from herds within the State, not under quarantine.
2. Domestic animals offered for show or exhibition at any fair or livestock show or exhibition, showing evidence of external parasites, foot rot, shipping fever, or other diseases* may be excluded from exhibition, isolated, ordered from the Fairgrounds, or otherwise handled as the Director of the Division of Animal Industry may direct.

*Ringworm and warts are classified as infectious diseases.
3. All domestic animals originating outside the State of Maine must meet the same requirements to show as are required for entry into the State.
4. All horses must have a negative Coggins Test Certificate (Equine Infectious Anemia), 6 months for out of state residents and 36 months for Maine residents.
5. The Maine Fair Superintendents have recommended that all animals should be vaccinated against I.B.R, P.I.3, and B.V.D. This is not required.

Livestock Department Camping

Livestock camping entries must be submitted to the Livestock Superintendent along with livestock exhibit entries by the second Saturday in August. See Livestock Entry/Camper form. There is a fee of \$25 for camper sites. Camper fees not received in advance will be due to the Livestock Superintendent before any payment of earned premiums will be made.

Tent sites may be available at the discretion of the livestock superintendent. There is no fee for tents. Not all camping sites will have direct access to power or water.

Camper and tent sites will not be made available in the livestock department to anyone who is not exhibiting livestock or assisting a livestock exhibitor at the fair.

Camper sites are 12' wide. **Campers with slide outs/awnings which extend beyond 12' when deployed must rent 2 sites, if available.** Exhibitors wishing to park their livestock trailer inside the livestock area for use as a camper and/or storage must pay for a camper site or sites. Livestock trailer parking is available outside of the livestock area at no charge. **Exhibitors with campers or tents must check in with the livestock office prior to setting up.** Those who set up without checking in may be required to move.

Power supply is limited and may not allow for the running of air conditioners and other high-draw electronics. The Livestock Superintendent reserves the right to require reduced power usage in campers at any time.

Livestock Department Parking and Walk-In Passes

Passes are for the use of livestock area exhibitors and staff only. An exhibitor is someone exhibiting or assisting in the exhibition of livestock during the fair. Passes are not available to guests. All guests must enter the fairgrounds by paying general admission at any of the fair gates.

Exhibitors may request up to two livestock area drive-in/parking passes per livestock entry form. One form per exhibitor/farm.

Exhibitors may request one additional livestock area parking pass per camper site.

All other vehicles must be parked outside the gate in designated parking areas.

Walk-in passes: Exhibitors may request walk-in passes from the Livestock Superintendent.

4-H LIVESTOCK EXHIBITS

General Rules

Competition is open to all Maine 4-H members age 9 and older. Each exhibit must meet the requirements of a 4-H project, except for Cloverbuds.

All animals must meet 4-H rules below as well as the entry, residence, health and other requirements listed in the "Instructions for Livestock Exhibitors" section. Animals must be owned/leased and registered in the name of the 4-H member by June 30. (See individual sections for exceptions.)

4-H exhibitors must wear clothing in accordance with the following dress code while showing in 4-H livestock shows:

- Shirts - Solid or western style button-down or solid color polo-style, tucked in.
- Pants - Solid color work/dress pants or nice blue jeans. Must wear a belt.
- Footwear - Closed toe work or western boots. No sneakers, sandals, clogs, or Crocs.
- All attire should be in good repair, free from holes and with no lettering or logos except 4-H.

At the discretion of the Livestock Superintendent 4-H exhibitors not following the dress code above may be allowed to show, but are not eligible for blue ribbons or first place in showmanship and fitting.

Rules and Regulations for 4-H Animal Shows at Maine Agricultural Fairs

1. "4-H Age" is defined as the age of the 4-H member as of December 31 of the current 4-H year. All ages below are "4-H Ages."
 - 4-H exhibitors must be 9 through 18 years of age in order to show competitively in any 4-H animal show.
 - 4-H members age 8 may participate in non-competitive demonstration shows using a kid goat, non-market lamb, or non-market calf. One-on-one supervision by an adult or older teen is required. All participants will receive identical forms of recognition of participation.
2. All shows will require that exhibitors ages 9 through 18 present the standard Approval Form for 4-H Animal Shows
3. Each animal must be listed on only one member's approval form.
4. Since animal approval forms document animal projects, Cloverbud members will not be required to use Animal Approval Forms for their animal activities.

5. 4-H members ages 9 through 18 must fit any animals they show. Members ages 5 through 8 may assist an adult or older 4-H member in fitting their animal with the amount of hands-on participation related to the skills and abilities of the younger member.
6. 4-H members 9 through 18 may use leased animals in 4-H shows.
7. An Animal Substitution Form is available for a 4-H member to use if their ONLY project animal listed on the current year's signed and embossed official Animal Approval Form dies, or has a long-term critical illness that will affect the animal's ability to show and warrant it "unusable" in the current 4-H year. In both cases this must be confirmed by a licensed veterinarian with both a signature on the Animal Substitution Form and a certificate of death, or written statement of long-term illness that will affect the animal's ability to show in the current 4-H year. If one of a 4-H member's animals is unable to be exhibited for any reason (illness, death), and they have other project animals listed on their Animal Approval form there is never any substitution form allowed.

Judging and Premiums

All 4-H shows will be judged using the Danish system unless otherwise noted. The Danish system is a method of evaluation where a product or process is evaluated against a set of standards, and recognition is awarded on the degree to which the standard has been met by each competitor. In Danish system judging, the exhibitors are not judged against each other. In a "true" Danish system the standard of excellence is the same for everyone regardless of age or experience. In 4-H, a "modified" Danish system is used that uses standards adjusted according to member's age and years of experience in the project. The Danish system is used in 4-H for 9 through 19 year olds because it is a way to provide recognition to greater numbers of youth who may all be making significant progress in their projects. The Danish system is considered by National 4-H Policy to be a competitive form of judging and is therefore not to be used for 4-H members under the age of 9.

Ribbons awarded under the Danish system are:

- Blue: for excellence, exceeding the standards
- Red: for good work that meets the expected standard
- White: for work that falls below the expected standard

The judges look for youth who are willing to greet people and answer any questions they have about 4-H and/or their project. Judges check to see who is willing to help another 4-H member or volunteer to help in a variety of ways.

The 4-H Exhibit Hall is also checked to see who entered projects for display.

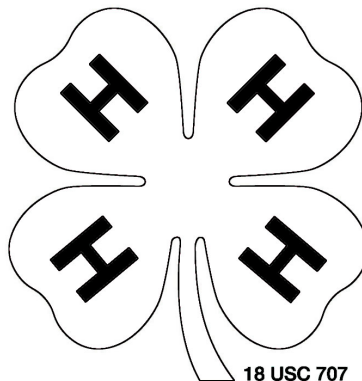

Scoring is as follows:

Food Booth – 25 possible points
Exhibition Hall – 20 possible points
Steer Ticket Sales Pre-Fair – 15 possible points
Steer Ticket Sales @ Fair – 20 possible points
